Certification of completion

PERSONAL PROJECTS

Face Recognition

- This app works for Collect Face Data Build, Face Detector
- The first stage of facial recognition is detecting the presence of a human face in the first place.

tic-tac-toe

- Tic-Tac-Toe Android Game with source codes, Xs and Os is a paper and pencil game for two players, X and O, who take turn marking the spaces in a 3*3 grid.
- This game teaches us something about life: to avoid letting things take their course.
